### JOB ANNOUNCEMENT

#### Application Developer II

<b><u>Recruitment Period:</u></b>	Submit resume by <b>December 10<sup>th</sup>, 2021</b>		
<b><u>Number of Positions:</u></b>	1 (One) position	<b><u>FLSA Status:</u></b>	Exempt
<b><u>Hiring Salary:</u></b>	\$60,000 - \$75,000	<b><u>Position Location:</u></b>	Fulton County, GA

#### **Job Summary**

The Application Developer II works with a team of other application developers and I.T. professionals to create, support, and maintain software systems and projects for the agency and its customers. This position reports to the Development Team Lead, and under limited supervision, works with colleagues, clients, and customers to produce secure and efficient applications.

To be successful in this role a candidate must possess excellent customer service and communication skills. The candidate must be able to effectively solve problems with limited direction.

#### **Job Responsibilities and Performance Standards**

- Develops software and applications consistent with business needs and customer requirements
- Researches, designs, and implements software applications and systems
- Provides advance support, troubleshooting, and debugging for software and applications developed or supported internally
- Assists with application and system security by adopting and continually familiarizing themselves with software development best practices
- Collaborates with other I.T. staff to develop and improve I.T. and workflows and processes, including the creation and maintenance of supporting documentation.
- Develops and performs software testing
- Assists project managers and product owners with requirements gathering, design, and creation of user stories
- As assigned, directly assists or supports other I.T. projects and initiatives.

- Fosters innovation by continuing to familiarize themselves with new trends, technologies, and best practices relevant to their role.

### **Minimum Skills, Training, and Experience**

- Experience working on a team using Agile development methodologies
- Experience with Git
- Proven ability to turn user stories into functional software
- Proven experience developing in an MVC framework
- Minimum 1-year experience with the following (or similar) languages / technologies
  - Python
  - PHP
  - Ruby on Rails (RoR)
  - Django
  - JavaScript / HTML5 / CSS
- Strong problem-solving abilities

### **Preferred Qualifications**

- A 2 or 4-year undergraduate degree from an accredited college or university
- Experience with cloud or IaaS solutions (e.g., AWS, Azure, GCP)
- Experience with GNU/Linux
- Experience with modern DBMS (e.g., MySQL, Postgres, MS SQL)

### **To Apply:**

Send your resume and cover letter, in **.pdf** format, to [resume@georgiacourts.gov](mailto:resume@georgiacourts.gov). Resumes submitted after **5:00PM (Eastern) on December 10<sup>th</sup>, 2021** or without a cover letter will not be considered.

Subject line must include **“Application Developer II, IT Division”**.

### **Additional Information:**

Due to the volume of applications received, we are unable to provide information on application status by phone or email. All qualified applicants will be considered but may not necessarily receive an interview. Selected applicants will be contacted by the hiring manager to complete next steps in the hiring process.

Applicants who require accommodations for the interview process should contact [resume@georgiacourts.gov](mailto:resume@georgiacourts.gov) or call 404-463-0366. The JC/AOC will attempt to meet reasonable accommodation requests whenever possible.
